REACH regulation

Dear Customer,

Reach regulation come into force since 2007, we provide the following information: Watom Belgium is a downstream user. We are confident from our suppliers of plastic packaging that they have, either themselves or their suppliers, complete this registration process. None of the products that we sell does not contain substances of high concern neither phthalates. We commit ourselves to give you any change from our suppliers, which might call into question this certificate.

Do not hesitate to contact us if you need more information under quality@watom.be

Best regards
